Attachments: Data Package Willowbrook Feb 8-9 samples.PDF

Hi all,

Please see attached for Feb 8-9 data package. Please note there is a typo for sample collected at Gower MS, it is entered as Gower MS 1/9, but it should be 2/9 instead. Please let us know if you have any questions.

Thanks,
Doris

Subject: FW: data packages for Willowbrook samples 2/5-2/6

Hi:

Here is the EPA data package that pertains to the samples taken on Feb 5, 2019 around Willowbrook. As Doris has noted, the lab uses a "date end" nomenclature so the documents refer to a Feb 6, 2019 sample date.

Please let us know if you have any questions after your review. We can use some time on the scheduled Wed call for that discussion.

Subject: data packages for Willowbrook samples 2/5-2/6

Hi Lew,

Attached please find data packages for samples collected from 2/5-2/6 as well as associated calibration documents. Please note that within the data package, the contract lab labeled the samples according to their sample retrieval date, which was 2/6. Also dilution was conducted for sample collected at Willowbrook EPA warehouse. Any questions, please let me know.
